

Ultimate Cleanse Cost Option Examples

These prices include

Consultation fees \$85 per hour

Testing.....\$85 per hour

Usually about 1 1/4 hour is needed to run tests on the client and explain the cleansing program. These tests have the added advantage of giving the client and overall picture of their health condition.

During the 10 day program 6 x quarter hour telephone consultations are needed to take the client through the first colonic, monitor and give advise when needed.

People with a lot of experience in fasting programs and colon cleansing may be able to reduce the amount of consultations needed, but I am responsible for the clients health and safety during the entire process.
